

Honig's Gift Certificate Redemption

We are currently working toward adding Gift Certificate redemption functionality to our website. Until this is implemented, please follow these steps:

1. Browse our site and add the items you wish to purchase to your Shopping Cart
2. When you're finished shopping, proceed to the checkout and fill out your billing and shipping address along with the other required information.
3. Click the "Continue Checkout" button and proceed to the Shipping Method page.
4. In the "Questions and Comments" section, **enter the 5 or 7 character Gift Certificate number and amount.** (Example " Gift Certificate XX12345 - \$25.00")
5. Proceed to the next page and enter credit card information, **EVEN IF THE GIFT CERTIFICATE VALUE IS MORE THAN THE MERCHANDISE YOU ARE PURCHASING**
6. When we (Honig's) download and process your order, the certificate will be verified and the total adjusted BEFORE your credit card is charged.

Please note *that neither* your online receipt or e-mail confirmation will reflect the certificate being redeemed, however the receipt you receive with your merchandise will have the adjusted total.

We are sorry for any confusion this may cause and are working toward adding this functionality to our site. If you have any questions or wish to place your order by phone, please call any of our Regional Warehouses.
